Revision 1.0

1 Emergency Preparedness & Response

The SZC Harbour Authority will ensure that emergency plans are prepared to ensure that appropriate response arrangements and measures are available for protecting the public, the workforce, environment, and business assets as far as is reasonably practicable in conjunction with other relevant authorities and regulators. Such plans we will be adequate and always available to implement.

A strong safety culture, coupled with clear roles and responsibilities, underpinned by effective training, exercising and organisational learning ensure effective emergency arrangements. Where appropriate plans are published.

SZC Ltd are a category 2 'cooperating body' with specific defined roles in the event of incidents that affect the harbour. The port shares relevant information with category 1 bodies (emergency services and local authorities), and other category 2 responders, through attendance and dialogue at various forums and exercises.

The Marine SMS will include specific reference to plans, exercise programmes and arrangements with emergency services and other responders.

Signed: 
Damian Leydon
Chair of Sizewell C Harbour Board
