

# Sizewell C Notice to Mariners No 7 of 2025

## *Scottish Power Renewables Pre-construction Unexploded Ordnance (UXO) Site Investigation Surveys*

NOTICE IS HEREBY GIVEN: That Scottish Power Renewables (SPR) plans to conduct pre-construction unexploded ordnance (UXO) site investigation surveys within and around the Sizewell C Statutory Harbour Authority limits from the week commencing 23 June.

### **SPR Pre-construction UXO SI Surveys**

SPR plans to conduct a pre-construction geophysical UXO survey, and benthic and archaeological ground truth campaigns for the EA2 OWF and ECC. Weather permitting, the works are planned to take place between Friday 27 June 2025 and Thursday 31 July 2025.

The works will be carried out by two red survey vessels - the *Vos Gorgeous* (60 m) and the *Ocean Marlin* (66.8 m). Images of the vessels that are to be used for the works can be seen in Figures 1 and 2.

Figure 1: Image of the Vos Gorgeous.

Figure 2: Image of the Ocean Marlin.

The works will be carried out both within and around the Statutory Harbour Area, as shown Figure 3.

### **Instructions to Mariners**

All vessels should maintain an appropriate and safe distance of 500 m when passing the Vos Gorgeous and Ocean Marlin, passing at the lowest speed to avoid vessel wash effects.

Project vessels will maintain a continuous listening watch on VHF Channel 16 and will display the appropriate AIS status and day & night signals as prescribed by the International Rules for Prevention of Collisions at Sea.

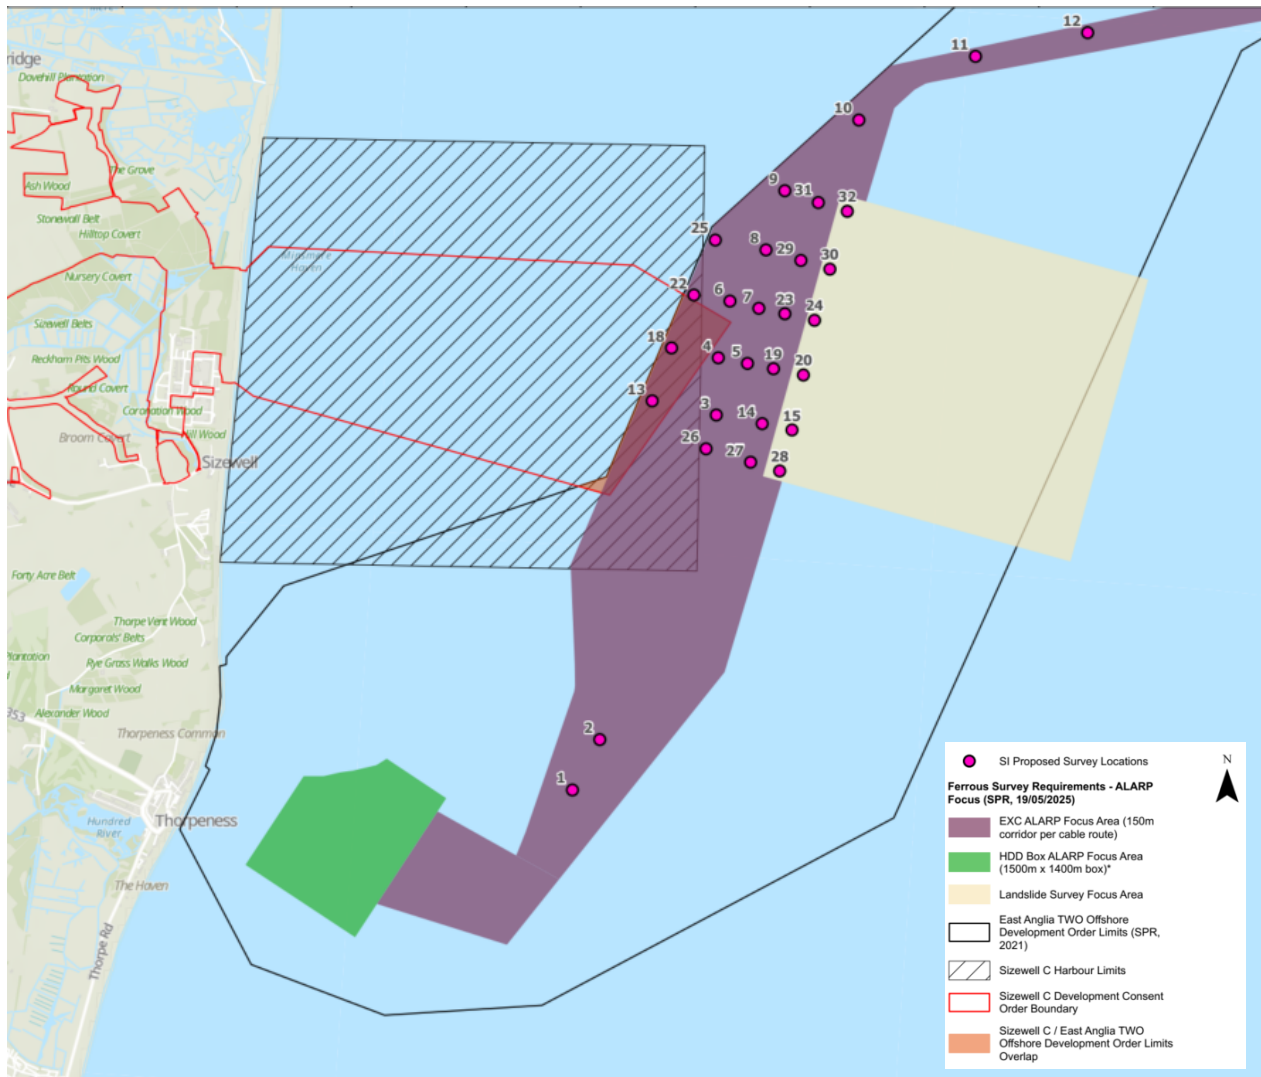

Figure 3: The area of works for UXO identification shown in red.

Neil Glendinning

SZC Harbour Master

Date: 26/06/2025
